REMARKS

I. INTRODUCTION

Claims 1-40 were examined and remain pending. In this response, the applicant traverses the rejection of claims based on the Massena patent. Further, applicant has amended claims 5-6, 9-11, 22-25, 31, 33-35 and 37-38, not to distinguish patentably over the cited reference, but instead to provide greater clarity with regard to applicant's invention. In addition, applicant has added new claims 41-123.

Applicant is also submitting herewith corrected drawings, and a request to correct the filing receipt to reflect the proper priority data.
